To Whom It May Concern,

Over the years we have, in various enterprises, utilized many firms offering telemarketing services and we have also employed in house telemarketing personnel. Those previous experiences have allowed me to have a full appreciation of the work performed and the professionalism exhibited by Results Telemarketing.

It is my pleasure to report that Results Telemarketing and its President, Nick McCallion, and Vice President, Denise Huyler, along with their capable Account Mangers and staff have performed beyond my expectations from the onset of our relationship. If you are reading this letter because you are exploring the possibilities of working with them and have had previous experiences working with telemarketing companies, you will truly appreciate the difference between Results Telemarketing and any other firm you may have engaged in the past. If you are venturing into a telemarketing campaign for the first time, then you are most fortunate to have found these folks as you will never know the anguish we have experienced in the past prior to discovering this firm.

Our lead generation campaigns have enjoyed superb results and more than anything else I can say, these folks have earned my trust. I can't begin to put a price tag on knowing that I can devote my attention to other activities while enjoying the comfort of knowing that what we paid for is being accomplished---and beyond.
